hey jude (beatles)

```
D                    A        A7                    D
Hey Jude, don`t make it bad, take a sad song and make it better.
 G                        D              A           D
Remember to let her into your heart, then you can start and make it better.

D                A                   A7           D
Hey Jude, don`t be afraid, you were made to go out and get her.
 G                        D              A           D
The minute, you let her under your skin, then you begin to make it better.

D7                  G                   e            4
And any time you feel the pain, hey Jude, refrain, don`t carry the world upon
     D        D7
your shoulders.
                       G'              e              A
For well you know that it`s a fool who plays it cool by making his world a
     D
little colder.
          D7        A
Da da da da da, da da da da.

D                A           A7                D
Hey Jude, don`t let me down, you have found her, now go and get her.
 G'                      D              A           D
Remember to let her into your heart, then you can start and make it better.
